Give Essentials, Gain Hope

6th March 2026 | Rumah Nur Qaseh

In conjunction with International Women's Day, Savills Malaysia marked the occasion through our "Give Essentials, Gain Hope" initiative, a meaningful effort to celebrate and uplift women within our organisation and the wider community.

Through this campaign, Savillians collectively donated essential hygiene items to the girls at Rumah Nur Qaseh, with the aim of providing not only practical support, but also care, comfort, and encouragement in the spirit of empowerment and solidarity with women and girls.

Savills Iftar Kasih

12th March 2025 | Pusat Jagaan Kasih Murni

Savillians came together to give back to the community by donating essential items to children in need at Pusat Jagaan Kasih Murni. Contributions ranged from toiletries and food supplies to colouring books and toys, each playing a meaningful role in providing comfort and practical support to the children.

Beyond donations, our teams spent time engaging with the children through play and meaningful interactions, creating lasting memories and strengthening connections. The day concluded with a shared iftar, where we came together to reflect on compassion, kindness, and the true spirit of Ramadan—reminding us that even small acts of generosity can leave a lasting and positive impact.
